ToH Stampede – Wheeler Peak Ride

7/20/2024

Riding your motorcycle up to the top of Wheeler Peak is an extraordinary experience.

Wheeler Peak itself is well over 13,000 feet and is the second highest mountain in Nevada. The Scenic Drive to the 10,000 ft trailhead summit affords views of the Valley below that are as jaw-dropping as they are inspirational.

Wheeler Peak is the mountain that dominates the Great Basin skyline.
